| Weight                               | 69,3 g                                                                                                                                                                                                                                                                                                          |
| Total volume                         | 470 ml                                                                                                                                                                                                                                                                                                          |
| Material structure                   | One-layer product                                                                                                                                                                                                                                                                                               |
| Scale                                | Printed vertical storm gauge scale, 70 mm, accurate to 0.5 mm (0.5 l); horizontal scale for totaling precipitation up to 250 mm (250 l/m²)                                                                                                                                                                      |
| Material / disposal / recycling code | Cup: Polystyrene (PS), Handle: Polypropylene (PP), Cardboard                                                                                                                                                               |
| Print area                           | 40/15 mm, 170/40 mm                                                                                                                                                                                                                                                                                             |
| Country of origin                    | Poland                                                                                                                                                                                                                                                                                                          |
| Customs Tariff Code                  | 9015 80 80 00                                                                                                                                                                                                                                                                                                   |
| Documents                            | Declarations of Conformity: REACH, GMP=FCM, PPWR, ISO 9001:2015, PATENT 218270, design registration certificate                                                                                                              |
| Directions for Use                   | Use as intended—to measure rainfall. Use with caution—the product requires assembly; see the instructional video below. Industrial product—keep out of reach of children and pets; this is not a toy. Do not use if there is visible damage—this may result in inaccurate measurements and/or a risk of injury. |

### Storage & Logistics

|                             |                                                                                                                                                                                                                                                                                                                     |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Shelf life / storage period | Long-term storage period: 1–5 years, provided the product is stored in its original, unopened packaging under controlled conditions: in a well-ventilated room, protected from direct sunlight, moisture, and sources of heat. The recommended room temperature is +5°C to +30°C, with relative humidity of 40–60%. |
| Bulk carton                 | max. 40 pcs – total weight 11 kg                                                                                                                                                                                                                                                                                    |
| Pallet 120/80 cm            | 500 pcs – total weight 130kg (box 20 pcs)                                                                                                                                                                                                                                                                           |
